

COOPERATIVE EUROPEAN GRAPEVINE MOTH (EGVM) QUARANTINE PROJECT COMPLIANCE AGREEMENT

EXHIBIT G1- GROWER/ PRODUCER/ MANAGER OF ORCHARD OR GROVE: Fruit Other Than Grapes

Provisions for the Intrastate and Interstate Movement of Fruit Other Than Grapes Produced Inside the EGVM State Interior Quarantine Area

Establishment shall only move regulated articles ***within or from*** the area quarantined for EGVM when complying with ***all*** of the following:

1. Implement an Integrated Pest Management (IPM) program targeting EGVM as outlined by the United States Department of Agriculture (USDA) Animal and Plant Health Inspection Service (APHIS) (http://www.aphis.usda.gov/plant_health/plant_pest_info/eg_moth/index.shtml), the Project, and/or the University of California Cooperative Extension. All IPM treatment records must be retained for a period of three years. Such records shall be made available to the Project upon request.
2. Each orchard/grove must be inspected and found free of EGVM **prior to first harvest** and **every 30 days** thereafter for as long as harvesting continues.
3. Request for inspection must be submitted to the Project at least 48 hours prior to harvest.
4. Grower will provide the services for removal of fruit for inspection. Fruit within each orchard/grove will be randomly selected for inspection as directed by the Project.
5. Ensure shipments of fruit destined for packing or processing ***at a location other than the field*** are:
 - a. accompanied by a copy of the Certificate of Quarantine Compliance (CQC), issued at the time of inspection, ***and***
 - b. received by an approved **receiver***.
6. Establishment must make a copy of the CQC available upon request by the Project.
7. Ensure ***each*** final container of ***field packed fruit*** grown inside the quarantine area qualifying for **intrastate** shipment has a diamond stamp. The diamond stamp ***must*** accompany the container until received at final destination.
8. Each shipment of ***field packed fruit*** qualifying for **interstate** shipment must be accompanied by a Certificate (Federal Shield).
9. Fruit grown in orchards/groves where EGVM has been detected by ***trapping*** does not need to receive a **post-harvest treatment*** approved by the Project.

Fruit grown in orchards/groves where EGVM has been detected by ***inspection*** must receive a **post-harvest treatment*** approved by the Project.

Project will notify grower of EGVM detections.

10. **If the commodity is grown within 200 meters of an EGVM detection, or grown within 500 meters of an EGVM detection where mating disruption is used, Establishment must notify the receiving County Agricultural Commissioner at least 24 hours prior to transport of each shipment.** Project will notify grower of EGVM detections affecting production areas.

Notification must include:

- a. Receiver (name and complete physical address)
- b. Date of shipment and estimated date of arrival
- c. Weight or amount of shipment (number of trucks, bins, etc.)
- d. Other as noted in "special instructions" below

Printed name (Owner/Manager)

Signature of Establishment

Date

Failure to comply with stipulations outlined above may result in civil penalties pursuant to California Food and Agricultural Code Section 5705 and/or revocation of this Agreement.

EXHIBIT G1- GROWER/ PRODUCER/ MANAGER OF ORCHARD OR GROVE: **Fruit Other Than Grapes**

11. Fruit subject to treatment does not qualify for movement under the provisions of this compliance agreement.
12. Ensure all equipment (bins, barrels, machinery, gondolas, etc.) used for orchard/grove maintenance and harvesting is thoroughly cleaned of all host material and debris year-round *and* prior to leaving the growing premises.
13. No growing equipment (such as stakes and poles) may be removed from the growing premise unless the equipment:
 - a. has been stored on the property no less than 60 feet away from any EGVM host material for a minimum of nine months prior to relocation, or
 - b. is going directly to a landfill located **within** the quarantine area, or
 - c. is handled in a method approved by the Project (see "special instructions" below).
14. Ensure all **orchard/grove planting and removal*** is conducted by an establishment under compliance with the Project.
15. Green waste includes culled or discarded fruit, fruit skins, leaves/branches, stems, vines, foliage, grape spurs and canes, unfermented pomace, winery and harvesting waste, home garden waste, grass clippings, space trimmings, weeds or other vegetative material, etc. ***In orchards/groves where:***
 - a. EGVM has been detected, all green waste shall be handled as prescribed in Appendix 1 or as specified below (see "special instructions").
 - b. fruit has been inspected and a CQC has been issued, green waste associated with the inspected fruit may move ***intrastate*** (within California) without further restriction and ***can not be moved interstate***.

Appendix 1 is available online at: http://www.cdfa.ca.gov/phpps/PE/InteriorExclusion/egvm_quarantine.html

16. Samples of regulated plants or plant parts requiring ***destructive lab analysis*** (such as pesticide residue, nutrient or mineral analysis) must be submitted to an Approved Lab (66-105) located ***inside*** or ***outside*** the EGVM quarantine area.
17. Samples of regulated plants or plant parts requiring ***disease/pest research or diagnostics*** must be submitted to a lab with a valid State plant pest permit (66-026) and samples may be:
 - a. collected and moved by a lab employee with a copy of the permit in their possession if authorized by the permit, or
 - b. collected and shipped in accordance with Master Permit QC 1308*.
18. Maintain records of each shipment from and within the EGVM state interior quarantine for a period of three years and make those records available to the Project upon request.
19. Ensure all employees receive training to be compliant with all specifications of this compliance agreement exhibit.

***Project approved receivers, post-harvest treatments, planting and removal establishments and establishments under compliance with Master Permit QC 1308 can be verified online at:**
http://www.cdfa.ca.gov/phpps/PE/InteriorExclusion/egvm_quarantine.html

Shipments found to be in violation of the above stipulations are subject to being held, rejected, destroyed, or subject to other prescribed actions at the discretion of the Project.

EXHIBIT G1- GROWER/ PRODUCER/ MANAGER OF ORCHARD OR GROVE:
Fruit Other Than Grapes

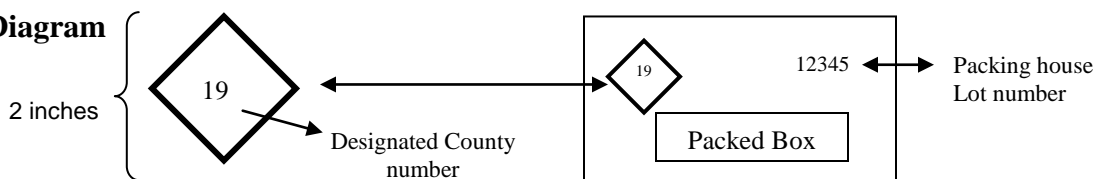

The decal or stamp described below meets the EGVM quarantine certification requirements for intrastate movement as required in the EGVM Project Compliance Agreement and exhibit(s).

All EGVM host fruit ***grown within*** the EGVM quarantine area must be packed in containers that are labeled with a decal or stamp indicating the quarantine county's designated number (see diagram below).

Decal or Stamp Design:

The decal or stamp will be diamond shaped and will be no less than two inches in height. The decal or stamp shall be located directly opposite the storage shed or packing house lot number on at least one visible side of the container. The font of the county designated number must be legible and shall not be less than 1/2" in height. The ink color used to make the decal or stamp must contrast with the color of the container.

Decal/Stamp Diagram

Designated county numbers are as follows:

1- Alameda	11- Glenn	21- Marin	31- Placer	41- San Mateo	51- Sutter
2- Alpine	12- Humboldt	22- Mariposa	32- Plumas	42- Santa Barbara	52- Tehama
3- Amador	13- Imperial	23- Mendocino	33- Riverside	43- Santa Clara	53- Trinity
4- Butte	14- Inyo	24- Merced	34- Sacramento	44- Santa Cruz	54- Tulare
5- Calaveras	15- Kern	25- Modoc	35- San Benito	45- Shasta	55- Tuolumne
6- Colusa	16- Kings	26- Mono	36- San Bernardino	46- Sierra	56- Ventura
7- Contra Costa	17- Lake	27- Monterey	37- San Diego	47- Siskiyou	57- Yolo
8- Del Norte	18- Lassen	28- Napa	38- San Francisco	48- Solano	58- Yuba
9- El Dorado	19- Los Angeles	29- Nevada	39- San Joaquin	49- Sonoma	
10- Fresno	20- Madera	30- Orange	40- San Luis Obispo	50- Stanislaus
